Endless possibilities of combinations.  
Oändliga kombinationsmöjligheter.

If you are looking for a range of storage furniture which limits of combination is set by your own imagination, Arctic is the one for you. Arctic is with its own shape a piece of modern furniture that offers an endless number of possibilities, both as floor standing and wall hanging. Arctic come in white or black. It has a high gloss front and contains cabinets and sideboards, all equipped with push to open doors and drawers. Inside they are always functionally designed. It is easy to change expression of the furniture by choosing among top plates in many different materials.

Om du letar efter en serie förvaringsmöbler vars kombinationsmöjligheter begränsas av din egen fantasi så är Arctic det rätta för dig. Arctic är med sitt egna formspråk en modern möbel som erbjuder oändliga möjligheter, för golv såväl som vägghängt. Serien som finns i vitt eller svart och har en högblank front består av solitära byråar, skåp, väggskåp, hyllor, skoskåp och sideboards, alla utrustade med pushfunktion. Med ett lätt tryck öppnas lådor och dörrar till insidan som alltid är funktionellt inredd. Möbelns uttryck kan varieras tack vare toppskivor i många olika material.

It all comes down to how you want to express yourself. With Arctic you choose to be seen and at the same time you show that "less is more". Arctic makes a powerful yet neat impression. You can choose whether you want a big or small Arctic. Do you want drawers or doors? Maybe just a shelf? There are small bed side tables and big wardrobes, chest of drawers, cabinets, shelves and shoe cabinets. Do you want it standing on the floor or hanging on the wall? Are you thinking about getting a really good looking and functional TV-unit? Whatever you are looking for, there is always an Arctic for your demands.

Allt handlar om hur man vill uttrycka sig. Med Arctic väljer man att synas samtidigt som man visar att "lite är mycket". Arctic ger ett kraftfullt men ändå ett lättsmält intryck. Du kan välja om du vill ha en stor eller en liten Arctic. Vill du ha lådor eller dörrar? Eller kanske bara en hylla? Det finns små sängbord och stora garderober, byråar, skåp, hyllor och skoskåp. Vill du ha en golvstående enhet eller vill du hänga den på väggen. Funderar du på att skaffa dig en riktigt snygg och funktionell TV-bänk? Vad du än söker, så finns det alltid en Arctic för dig.

Arctic shoe cabinet come in two sizes. The cabinet has shelves that make it simple and practical to put in or take out your shoes. Highest up there is an extra little shelf where you for example can keep your keys, cell phones and sun glasses. Obviously it's up to you whether to hang your Arctic shoe cabinet on the wall or to put it standing on the floor. Both possibilities are included at deliverance.

Arctic skoskåp finns i två storlekar. Skåpet har hyllor som gör det enkelt och praktiskt att i en handvändning ställa in eller ta ut skorna. Överst finns också ett extra litet hyllplan där du kan förvara till exempel nycklar, mobiltelefoner och solglasögon. Självklart kan du själv välja om du vill hänga ditt Arctic skoskåp på väggen eller ställa det på golvet. Båda möjligheterna följer med vid leverans.

The wall hanging modules of Arctic is divided into three segments. Wall cassettes, wall cabinets and shelves. With the wall cassettes you create your own storage. You buy as many cassettes as you want and hang them together in the way that fit you the best. You can hang them high or low, horizontally or vertically. Or just create the shape of your own. The top plates for the wall cassettes come in many different materials and in lengths from 60 cm up to 240 cm. The wall cabinets differs from the cassettes in the way that they are solitaire and standing units. They come in three sizes and are suitable as everything from CD- to bathroom cabinets. The wall cabinets are only available with lacquered top plates. At last we have the wall shelves which are simple and clean cut. They come in two lengths, 120 and 180 cm, and are equipped with a hanging device that manages heavy duty.

De vägghängda modulerna i Arctic-serien är uppdelade i tre segment. Väggekassetter, väggskåp och hyllor. Med väggekassetterna skapar man sin egen förvaring. Du köper så många kassetter du vill ha och hänger dem tillsammans på det sätt som passar dig. Antingen vill man hänga dem högt eller lågt, bygga vågrätt eller lodrätt. Eller varför inte skapa en egen form för sin förvaring. Toppskivorna till väggekassetterna finns i många olika material och i längder från 60 cm upp till 240 cm. Väggskåpen är till skillnad från kassetterna solitära enheter och finns endast i stående utförande. De finns i tre storlekar och är användbara till allt från CD- till badrumsskåp. Väggskåpen finns enbart med lackade toppskivor. Sist har vi vägghyllorna som är enkla stilrena hyllplan. De finns i två bredder, 120 cm och 180 cm, och har en robust upphängningsanordning som klarar stora belastningar.
